

TRAFFIC SIGNAL **CONSTRUCTION COORDINATION**

All Construction activities impacting a traffic signal shall adhere to the following procedures:

- Contractor shall submit to Construction Division, a traffic control plan at least 5 days prior to commencement of work.
- Plan shall be forwarded to Transportation Division (425) 556-2875 for review and comment. Approved plans shall be routed back to the Construction Division for distribution to the contractor.
- A Police Officer is required. Contractor shall contact City of Redmond, Doug Krueger at (425) 556-2626 to coordinate.
- Transportation Division will coordinate with Signal Technician and provide copy of traffic plan.
- Standard hours of work in arterials are 9:00AM - 3:00PM.
- City of Redmond Signal Technician and Transportation Division are only authorized personnel allowed to operate or modify a signal.
- No construction activities shall be allowed to begin without the presence of the Construction Inspector, Signal Technician and Police Officer.
- If the work is not completed on the day anticipated, the Construction Inspector will verify the contractors schedule to complete the remaining work and coordinate with the Signal Tech and Police Officer.
- Contractor shall provide 48 hours advance notification/confirmation to the following:

Fire Department, (425) 556-2200
Police Department, (425) 556-2626
METRO, (206) 684-2732 (Construction Coordinator)
